# OUR COMPANY

---

**EQUPOINT** was found in 2013. The company is within **SF GROUP OF COMPANIES LIMITED** and it specializes on Internet of Things (IoT), Utility Monitoring, Security and Safety Solutions, Software and Hardware design and development and other monitoring solution. The company works with multiple public and private entities and is well known for being Committed, Passionate and having a hands approach on delivering First Class Services and Solutions to its clients.

## MISSION

---

We aim to consistently provide quality products and continuous high standards in everything we do.

## VISION

---

To be a leading provider of innovative high tech solutions in East Africa.

## WHY US?

---

- We are Knowledgeable and Experienced
- Care for Our Customer's Success
- We have deep Industry Expertise
- Quality & Reliable Products

# OUR PRODUCTS

---

- Electronic Cargo Tracking System (ECTS)
- Gas & Water Meters
- GPS Tracker & GPS Padlock
- GPS Platform
- Equ-Power
- Fuel Monitoring
- Telecommunication, Infrastructure & Maintenance
- Security Seals
- CCTV Cameras
- Software & Hardware Development
- Fire Detection & Suppression System
- X-Ray Cargo Scanner
- Human Resource Management
- Staff Care Management System

Electronic Cargo  
Tracking System by  
**Tanzania Revenue  
Authority (TRA)**

## ECTS PROJECT

To optimize revenue collection and

- control transit cargo which passes through Tanzania corridor to neighboring countries
- TRA made mandatory for all transit good to be tagged by electronic cargo seal.

It is obligated to all Transporters and C&F

- agents to rent/lease ECTS devices from approved vendors to facilitate ECTS.

## **FIRE DETECTION & SUPPRESSION SYSTEM**

---

Fire safety is a fundamental mandate for every enterprise, facility, campus, and municipality.

Fire safety begins with fire detection, and fire detection means everything from components sensors, initiating devices, annunciators, and control panels - to integrated systems.

- MOBILITY

# GPS - GPRS TRACKING SOLUTION

---

Keep track of everything you need to run your business and control your costs - from stock items to more complex equipment or machinery.

Features include :

- **REAL TIME MONITORING**
- **DRIVER MONITORING**
- **FLEET MONITORING TOOLS**

## **EQU-POWER FUEL EFFICIENCY GENERATOR**

---

This an art of engineering which provides efficiency in power generation. Our technology focuses on minimizing fuel consumption while generating same power output. Our technology can be used as standalone generator or can be embedded in power generators ranging from 5KW to 250MW. With our technology you can save more than 90% of fuel consumption while generating same output

# EXCELLENT RUNNING PERFORMANCE AND ECONOMICAL EFFICIENCY.

## FEATURES

- ▶ 12 hours continues running capacity
- ▶ Can work in 5kw to 250Mw Generators

## BENEFITS

- ▶ More than 90% Fuel Cost Saving
- ▶ Cost Efficient Maintenance
- ▶ Easy to Operate

## FUEL MONITORING

---

Maximize the fuel efficiency of your vehicle fleet with our fuel management solutions. Accurate fuel sensors designed to enable efficient fuel monitoring for vehicle fleets.

Features include :

- REAL TIME FUEL LEVEL
- FUEL CONSUMPTION
- REFUELING AND SYPHONING

## **GAS & WATER METERS**

---

As specialist meter supplier, of domestic and commercial water and gas meters. We provide our clients with the design, development and supply of our pay as you go meters.

You can trust **EQUPOINT** to take care for all your metering needs.

## **CCTV CAMERAS**

---

CCTV Systems and security cameras for homes & businesses, looking to protect their property with good quality security cameras at reasonable prices, while offering exclusive installer ranges and other specialist lines including mini spy cameras.

You can trust **EQUPOINT** to take care of all your camera needs.

## SECURITY SEALS

---

We also specialize in the producing and maintenance high security seals. Equipoint has a wide range of seals such as ***RFID seals, bolt seals, cable seals, plastic seals*** and ***metal seals*** to name a few. We will offer you the most competitive price, high quality and excellent service.

All products are widely used in the field of :  
***Sea, Land, and Air Transportation, Postal Service, Supermarkets, Banks, Petrol Companies, Security, Water and Electricity, etc.***

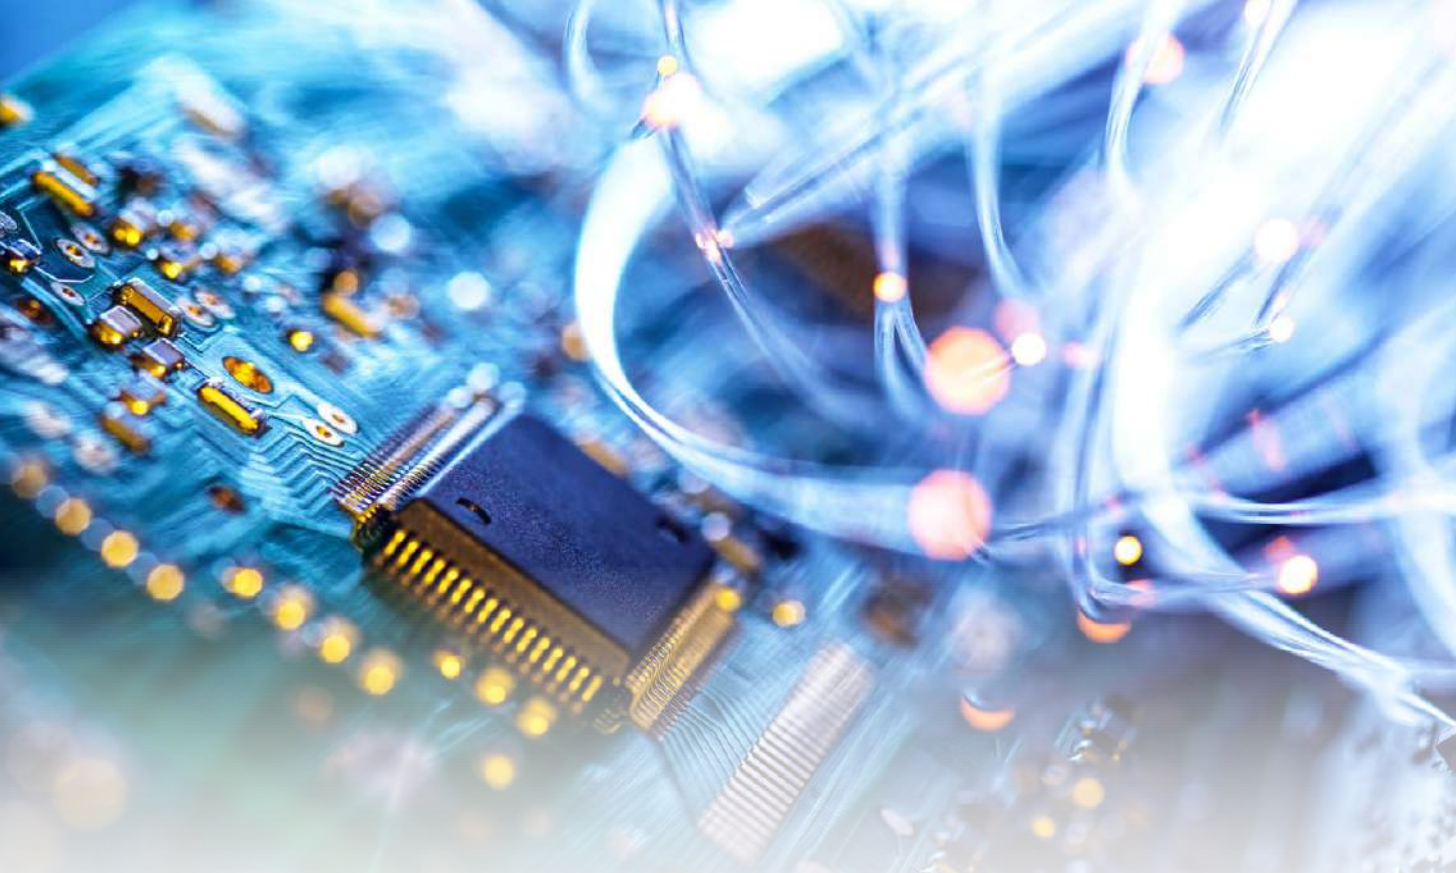

## **X-RAY CARGO SCANNER**

---

High-Performance X-Ray Baggage Scanner Ideal for use at Government buildings, Airports, Hotels, Shopping Malls, Factories. We Supply, Install and Service the Scanners.

Features include :

- **HIGH PERFORMANCE**
- **EXCEPTIONAL IMAGE QUALITY**
- **EXCELLENT THREAT DETECTION ALERT CAPABILITIES**

## **SOFTWARE & ELECTRONIC DESIGNING & DEVELOPMENT**

---

Equipoint has many years of experience in software and electronic design in a wide variety of industries, from mission-critical electronics to complex applications. We'll work alongside your team on every aspect of design, from documenting the requirements to final assembly.

# STAFF CARE MANAGEMENT SYSTEM

---

For employee GPS Location Tracking & Field Staff Online Reporting Apps.

Features include :

- STAFF LOCATION & ROUTE & FUTURE ROUTE PLAN
- STAFF ATTENDANCE
- VISIT ENTRY
- EXPENSES ENTRY & SALES ENTRY
- CLIENT PAYMENT COLLECTION & PENDING RECOVERY COLLECTION
- ORDER TRACKING
- COMPLAIN / INQUIRY / FOLLOW UP MANAGEMENT

# NOTABLE DEEDS
